ABOUT THIS REPORT

This report details findings against the Standards for Registered Training Organisations (RTOs) 2015.

The evidence guidance included against each clause is designed to guide the auditor and RTO on the requirements of the clause. The evidence guidance is not designed to limit the audit findings and there may be other factors an auditor takes into consideration when determining whether compliance has been demonstrated.

Where evidence of non-compliance is identified, the '*Reasons for finding of non-compliance*' section of the report will document the issues that were considered in the formulation of a finding of non-compliance.

Standard 1 The RTO's training and assessment strategies and practices are responsive to industry and learner needs and meet the requirements of training packages and VET accredited courses.

To be compliant with Standard 1 the RTO must meet the following:

1.1 The RTO's training and assessment strategies and practices, including the amount of training they provide, are consistent with the requirements of training packages and VET accredited courses and enable each learner to meet the requirements for each unit of competency or module in which they are enrolled.
